**TEAM SUMMIT  
2009/2010 USE OF TERRAIN PARKS AND HALF PIPES**

An integral part of Alpine training is becoming familiar and confident with jumps and air. A worthwhile tool in safely teaching jumps is taking advantage of the features offered in terrain parks and ½ pipes. In addition to using the features to properly teach jumping maneuvers for Downhill and Super G, the valuable knowledge our staff passes on to your children could spare them from injury during their non-Team Summit freeskiing time.

The Terrain Parks and ½ pipes are a fact of our skiing lives, even in Alpine training. We encourage all parents to talk with their children about the safe and supervised use of the features. Parents can help minimize injuries by encouraging their children to follow coaches' instructions, never use the jumps without a spotter and to be overly sensible and cautious when entering the Pipe and Parks on their free ski runs.

I have read Team Summit's guidelines for the use of Terrain Parks and Half Pipes in Alpine training.

I understand my child(ren) \_\_\_\_\_  
may be using these features in training or freeskiing.

5. Parents and athletes understand that by enrolling in a Team Summit Freestyle or Snowboard Program that inverted aerials may be taught, trained and performed in competition only after the athletes satisfies the Team Summit training progression and have demonstrated proficiency to the Program Director on a trampoline, diving board, water ramp, gymnastics or prior on-snow performance.
6. Parents and athletes understand enrollment in all Team Summit programs requires a liability release signed by the athlete and their parent or legal guardian in the event the athletes is less than 18 years of age. Proof of USSA Membership is also required.

## MISSION

“Team Summit’s mission is to promote character development through athletics by stressing self-reliance, persistence, dedication and achievement.”

The goal of Team Summit is to create positive experiences through skiing and snowboarding to serve athletes long after their competitive careers have ended. We encourage persistence, dedication, self-reliance, and achievement as characteristics that help athletes to become healthy and successful. We strive to provide challenging and achievable athletic programs, promote incentive programs to keep costs down, and require a minimum GPA to support growth in problem solving, creativity, goal setting, time management, and confidence. We are determined to improve quality throughout the organization: quality programs, coaches, host events, and parent growth through education opportunities.

## A BRIEF HISTORY OF TEAM SUMMIT

Team Summit was formed in 1980 as the Summit Skiing and Educational Foundation (SSEF). Its purpose was to sponsor a team of young alpine skiers age 14 and older who wanted to pursue intensive training and achieve higher goals in alpine skiing than were available through the Summit School system. The four Summit County ski areas: Copper Mountain, Keystone, Breckenridge, and Arapahoe Basin were the initial backers of the team and continue to lend strong support, both financially and logistically today.

In 1990, the SSEF Board of Directors expanded the team’s scope of activities to include Age Class alpine skiers, the Summit High School Varsity Ski Team, and a snowboard competitive team. The snowboard team was named “Team Summit”. In the late 90s the name was officially changed when the Copper Mountain Race Team, Summit Race Team, and SSEF combined to form “Team Summit” Ski and Snowboard Club. Team Summit is now a world class program with expert coaches, training on some of the best terrain, and the best season for the expert to the novice.

# Volunteer Service Fee

## What is VSF or Volunteer Service Fee?

As a 501(c)3 non-profit we rely heavily on volunteer support for our team. ***Volunteer service helps keep our costs down by off setting tuition, therefore directly benefiting each member of the program.*** The VSF is a 'work deposit' that enables our club to raise money, run events, give back to the community that supports us, and have fun all at the same time. Team Summit is able to run successful programs in large part due to our amazing and helpful volunteers!

## How does it work?

First, print out the Volunteer Service Log. Second, sign up for events, races, and competitions, following information below. Third, have an event supervisor sign your Volunteer Service Log. Finally turn in your Log to the Team Summit office via fax at 970-968-2620, e-mail at Cora@TeamSummit.org, or mail it to PO Box 3307, Copper Mountain, CO 80443 to receive the credit to your account to apply to next year's VSF or refund checks are issued in September.

## What Volunteer Service Opportunities are there?

Check out the website by going to [www.TeamSummit.org](http://www.TeamSummit.org) and clicking on Volunteering (VSF) under the Events drop down bar. You will find most VSF opportunities listed here with a description of the event. Check here for information on whether or not the VSF spots have been filled or if there is opportunity available. Volunteering positions range from table or decoration set-up and take-down to marketing and designing, or handing out bibs and being a gate keeper at races and competitions. Spots are filled by first come, first serve basis.

Traditional events with volunteer opportunities include:

- Ski Swaps
- Ski Ball- Live and Silent Auction with Dinner and Dance
- Alpine Races
- Freestyle Events
- Snowboard Competitions
- Copper ½ Marathon
- Copper Triangle
- Bike-A-Thons
- Bicycle Path and Highway clean-up

## How will I know how much my VSF fee is?

### **Transportation**

Team Summit owns and maintains a vehicle fleet. Our transportation philosophy is to provide support to (in priority order):

2. Competition Travel - To most events, J3 and older
3. Week-end programs - When vans are available; check your schedule.

### **Travel and Costs**

- *Competition travel during the season is non-profit; Team Summit charges the team exactly what it costs for the trip*
- Expenses for athletes typically include: transportation (van, airfare, other), lodging, competition entries, coaches per-diem, coaches travel, wax additives, misc. Development and Age Class coaches travel expenses excluded.
- **All traveling athletes J4 and older are required to leave a credit card on file at Team Summit** to cover the cost of race entries, travel, lifts and lodging organized by the Team Summit coaches and office. Statements will be mailed to you after each trip.
- All athletes are asked to register for competitions 2 weeks in advance except for extenuating circumstances (e.g. qualifying for event at the last moment). Athletes not able to attend an event must let the coaches and staff know immediately if they can not attend an event.

## Your student /athlete and ski equipment

Those athletes riding in the van to training are responsible for getting their equipment to school each training day. Ski and board storage is available at both the Middle and High Schools. When you pick your child up at the day's end, at either the school or the ski area, the skis must come home with you. We regret no ski storage is available at the ski areas. Van Passes for Middle School and High School Early Release Transportation. All van riders **MUST** purchase a transportation pass for daily pickups and drop offs at school. With soaring gas prices and the high cost of insurance, van fees for 2009/2010 are \$600.00 (some exceptions may occur depending on the program). No Pass, No Ride. Your coach will be taking attendance and reporting to the office.
